A   Secret Garden (Lowtec Dub)

AA   Secret Garden (Original)
**   Secret Garden (Refresh Mix)**

Farside Records welcomes **Ron Deacon feat. The Kat** from Leipzig, Germany and his beautiful **"Secret Garden EP"** including a minimal & deep **Lowtec** dub. **Ron Deacon** is part of Leipzigs **Workshop** crew (with musicians like Lowtec, Even-tuell, Benjamin Brunn, Reagenz & others) and recently caused a stir with his tune on the latest **Workshop 10 12inch**. His affinity for the soul inspired deep Detroit sound with some techy edges already put him on the map for lovers of Theo Parrish & Moodymann. As a DJ he also runs a wicked club night called "Sonderlich Verwunderlich" in Leipzig City.

For the **"Secret Garden EP"** **Ron Deacon** teams up with singer **The Kat** and shows off with a brilliant song. The original version of **"Secret Garden"** reminds a little on the best times of Naked Music in the late 90s. Some old school sounding chords & a bumping beat for the true classic house headz out there.

The **"Secret Garden Refresh Mix"** has a mind blowing bassline, keeps things very deep and puts you on a journey. With some melancholic chords and a demanding low key rhythm section, this should be big not just for a late night session or radio use.

"Secret Garden Lowtec Dub" has been re-dubbed by famous **Workshop** labelboss **Lowtec** and is more than a killer tool. He uses just a loop, a vocal snippet and a dope beat to create a 7 minute minimal deep house monster. With some dirty sounds, a ruff hihat workout and a deep vibe, you find everything that makes the **Lowtec** sound so special and astonishing. Is this Minimal, Techno, Deep House? Anyway, hope you´ll enjoy the music.
