We are happy to welcome Patrick & Mirko aka **Liquid Phonk** on **Farside Records**. Since their latest productions on **Compost**, **Something Different** and **Foul & Sunk Records**, we are hooked on the astonishing warm & beautiful House vibe from these guys. The “**Missing You EP**” is no exception in this case. Two beautiful variations of the title track “**Missing You**”, two dope remixes by our friends **Sello & Replika** (Digi only), plus a whole new hypnotic groover called “**Like The Moon**” rounds up a perfect package. This is the sound of sexy soulful music.

“**Missing You (Liquid Phonk Edit)**” is a warm & soulful masterpiece with a dope old school sounding percussion groove and features the voice of singer **Patricia Edwards**. The **Liquid Phonk** guys re-edited their Original Version and transferred the tune even more into a melancholic soulful monster. The haunting chords, the wonderful melody and the vocal parts harmonize just perfectly. “Deep” might be the exactly matching term describing this beauty.

The “**Missing You (Sello Remix)**” comes along with a little more raw & B-Boy alike attitude. Dusseldorf’s **Sello** adds a killer bassline, a fat groove and once again proves his skills to be just a damn cool producer. Take a little bit of dopeness, add a beautiful song and get ready for a bouncing low-key pumping club tune. Funky enough!

It is no secret that **Farside** is also known for some slower takes on House music. The latest example is **Liquid Phonk**’s track “**Like The Moon**” with its 110 bpm sexy hypnotic groove. Once again these guys are full of soul, with the vocal samples, chords & a classic piano melt into something very special. We are moved kind of deeply.

For your Digital enjoyment, we like to announce two extra tunes: The sexy & funky “**Missing You (Original)**” with an even more percussion based groove and the full vocal of **Patricia Edwards**.

Last, but not least “**Missing You (Replika Remix)**” is something for the funky headz out there. The great **Replika**, straight out of Solothurn, Switzerland adds a punchy kick and a boogie funk attitude. Maybe this is the secret weapon of this whole package.
